

ReadySet MOD

A CUSTOMIZABLE SET THAT'S EASILY BRANDED TO FIT YOUR COMPANY OR CLIENT

Whether you're part of a production company or work in corporate communications, the modular ReadySet gives you a number of scene options for your next video. It's more cost effective than constructing a set from scratch, but still customizable enough to look truly unique. With options for multiple camera configurations and a control room, ReadySet is ideal for:

- Corporate and association newscasts
- Product demonstrations and launches
- Interviews
- Live shows
- Hosted programs
- TV commercials

PRODUCTION SIMPLIFIED

Customize your ReadySet MOD by modifying set elements such as dual rear projection screens, custom logo panels, lighting color scheme, additional monitors, and more. Visit westworksstudios.com or call 800-491-1947

Every ReadySet includes a full day in the studio with a Lighting Director, all available grip and electric, plus access to green rooms and other amenities.
