THERE'S AN EASIER WAY TO SHOOT YOUR NEXT VIDEO

Shooting in a studio gives you complete control of your environment with no ambient noises, no outdated electrical circuits to overload, and no need to carry gear up stairs. Our climate-controlled studios feature a pre-rigged fixed lighting grid and access to our dock for easy unloading of gear. Comfortable green rooms and a talent lounge create the ideal space for talent to relax when they are not on set. WestWorks Studios offers these simplified solutions for your production:

- Flexible studio and ReadySet rental packages
- Single, multi-camera and control room packages
- Comfortable talent lounges with cable TV and Wi-Fi
- On-site engineering support
- 24/7 on-site security
- Access to a dock for easy unloading
- Live content distribution
